

GRAPHIC DESIGNER

The goal of the European Medical Group is to become *'The go to place for healthcare professionals in Europe by 2025.'* The reason for this and the reason we are in business is *'To challenge and equip everyone to be the best they can. We want to build our Brand to be **Energetic, Trusted, Progressive, Open-Minded and Best in Class.***

Part of our growth plans means we have a new position open for a Graphic Designer to support the launch of a new product. We're looking for a creative individual with a design eye and Adobe Suite / InDesign experience who is equally adept at uploading to a CMS and basic coding to ensure their work is presented in the best possible light.

What's in it for you?

- With support from a Publisher, we are offering the chance to take the lead for design with a brand-new publication and website.
- Ongoing coaching and training to achieve your personal and professional goals
- An opportunity to provide creative input for a new title for the healthcare market
- A clear career progression path within the company
- Positive and supportive work environment, working alongside passionate individuals
- Quarterly offsite planning days / Summer Ball and awards night
- Fun monthly incentives for meeting targets
- Exciting and growing industry

What do we want in return?

- We're looking for a creative person who wants to take the lead for design with an exciting new project
- You will consider brand guidelines and work closely with our Head of Commercial publishing to deliver gold-medal content to a new audience for us
- We're looking for a confident graphic designer with a portfolio that demonstrates the ability to create clean, corporate design
- You'll know how to upload content via a CMS, and edit and upload videos
- You'll have enough coding experience to develop eNewsletters and fix any minor HTML issues.

If this sounds like you, apply now!

- Adobe Creative Suite Experience (Photoshop, Illustrator and InDesign)
- Knowledge of basic HTML coding and experience using a CMS system to upload your content
- Basic knowledge of video editing software, including video animations
- Previous experience in a working environment, to brand guidelines
